

ALBERTOS DAMNI

albertosdamni@iainkerinci.ac.id

As a lecturer in Islamic Religious Education (PAI) and a Doctoral Candidate in Educational Research and Evaluation, my academic journey is dedicated to bridging multicultural education with rigorous educational measurement. My primary focus remains on fostering inclusive learning environments and promoting understanding and respect across diverse cultural backgrounds. By integrating advanced psychometric validation and quantitative methodologies into my teaching and research endeavors, I aim to cultivate spaces where students and fellow educators can engage meaningfully with multicultural perspectives, ultimately enhancing both academic learning and societal harmony.

EXPERIENCE

2024 - NOW

MANAGING EDITOR JOURNAL SINTA 2

Leading as managing editor for Tarbawi, a SINTA-accredited education journal, overseeing editorial operations and ensuring publication standards.

2024

QUANTITATIVE RESEARCH MENTOR
